THE WALL STREET PANIC.

Any Break on Stocks--The Bears on a Rampage--Jay Gould's Dept Fin- gers Visible.

New York, August 13.—Much surprise and some consternation exists among the bulls of the stock market regarding the steady declination of market which has been going on the past week. About two weeks ago stocks fell with a thump, but the day passed the market had recovered itself, and all fears dispelled. A severe fear of depression at that time on all holders of stock was nearly 10 per cent. Well known brokers and bankers assert there was really no reason for the fluctuation, as affairs throughout the country were bright and money easy and plentiful. This second flurry therefore deemed as inexplicable as the first. Telegrams have been received from Europe asking the reason for the depression. One well-known broker cables back, "Ask us something easy." Drexel, Morgan & Co., said this morning, "We can give no other reason for the heavy market except that there are more sellers than buyers." H. T. F. Stanton, a stock broker, says the trouble can be traced directly to Jay Gould, who is endeavoring to obtain control of the Villard stock, consisting of Oregon Transcontinental & Northern Pacific railroad and Oregon Steam and Navigation company. These stocks are said to represent an interest valued at thirty-five thousand dollars. Northern Pacific preferred and New York Central and St. Paul stock have not been raised so as to affect their position. Northwestern, Lake Shore, Union Pacific and a few others have been run into, caused, it is said, by orders from London. During the past week Western Union has fallen about six points, Northern Pacific has fallen about ten points, and in fact the shrinkage is noticeable in all real dividend paying stocks.
